UniMed, a family owned company dedicated to providing home medical equipment and services, has announced the Grand Opening of its new 2,000 square foot retail super store.

For more than 25 years, UniMed has been a leader in providing quality home health care equipment. The company currently has three locations: Lenexa and Wichita and the new retail super store in Kansas City.

The grand opening will have one-day only super sale prices. Activities will include popping a balloon for extra savings, door prizes, a free lunch from 12-1:30 p.m., a balloon artist from 12:30-1:30 p.m., and free cake and drinks from 3-4 p.m.

The UniMed Home Care Super Store is one of the largest in the Kansas City Metro area.

The new building is the company's first ever retail store.

"Before, we were strictly a distribution store," Company President Brennen Garry said. "Now customers can come in and look at our products themselves, try them out and take them home."

Customers can now shop the more than 2,000 square feet of home medical equipment and supplies. The store will carry mobility products—lift chairs, rolling walkers, wheelchairs, power scooters and rollators; CPAP, oxygen, nebulizers and respiratory supplies; bath safety items—tub benches, toilet raisers, shower chairs and grab bars; home diagnostic products—automatic blood pressure, oxygen measurement and digital scales; and even daily living aids who will assist with dressing, bathing, eating, drinking, reading and writing.

UniMed networks with local area hospitals, physicians and healthcare professionals. Vice President John Ransom said UniMed helps hospitals and physicians help their patients.

“There’s very few places like this where patients can actually take the products for a test drive,” Ransom said. “Not only do we have full mobility equipment, but we have everything hospitals need to keep their patients healthy and active at home.”

The grand opening is from 10 a.m. to 4 p.m. Saturday June 28 at 7751 Northwest Prairie View Road, just a block south of Zona Rosa. The store hours will be Mon.-Fri., 9 a.m. to 6 p.m. and Sat. 10 a.m. to 4 p.m. For more information call 816-413-0225 or visit [www.unimed2.com](http://www.unimed2.com).
